

Dearest Students of the school

"Sankt Annæ"!

We are very grateful for your activities

to collect money for our Hospital " Sankt Pio" in Tanzania.

We have many expenses and we are very happy and thankful for every Euro. We live in a very poor area .

The peoples get only money when they sell what they harvest from the fields during the rain season which last about from Nov. - March.

But sometimes it is even less.

Many children get only one meal a day. Therefore many families have no money for medicine if they are sick.

The big amount of your donation is helping us in different needs, especially to help the poor and the needs.

We must also renovate the "operating theater" and we need many equipment for it.

Your Donation is a great, great gift for us.

From the bottom of my heart I say "THANK YOU "

We wish you a happy and blessed

Eastern.

May the Lord bless ,protect and guid you every day.

Sincerely

Sister M. Chiara
